## Work Experience

June 2023 - November 2023 Okkam Group, Moscow (Remote Work)

### Remote Internship As Front-End Developer

- **Developed and optimized dynamic web applications** using React.js with component-based architecture.
- **Implemented state management** using Redux for scalable applications.
- **Enhanced UX/UI design**: Created responsive designs with Figma, improving user engagement by ~15%.
- **Introduced animations** with GSAP for a smoother UI experience.
- **API Integration**: Integrated REST APIs for real-time data updates.
- **Version Control**: Utilized Git and GitHub for code management and collaboration.

December 2023 - September 2024 Indra, Barcelona

### Junior Front - End Developer

- **Led the front-end development** of features that improved usability and reduced page load time by ~20%.
- **API Integration**: Consumed REST APIs and dynamically integrated data.
- **Team Collaboration**: Worked in a team using JIRA and agile methodologies for project management.
- **Database Experience**: Used MySQL for dynamic content management.
- **React and TypeScript Development**: Implemented reusable components with React and TypeScript, ensuring strict typing to improve code maintainability.
- **Testing**: Wrote unit and integration tests using Jest and React Testing Library to ensure code quality.
- **Performance Optimization**: Implemented lazy loading with React.lazy and Suspense, and improved rendering using memoization (useMemo, useCallback).

October 2024 - Current, Store Alarcón, Barcelona

### Server and Website Administrator

- **WordPress** (Plugin: WooCommerce): Managed and maintained the online store.
- **Database Management** (MySQL): Updated products and optimized database performance.
- **Server & Website Optimization**: Improved server efficiency and optimized page load times for both the admin panel and customer interface.
- **Custom Plugin Development**: Created custom plugins using PHP (Tool: CodeSnippet).
- **Website Design Enhancement**: Improved website design using Elementor and Bricks, applying CSS and PHP for specific sections.

## Technical Skills

- **Languages**: JavaScript (ES6+), TypeScript, JAVA, HTML5, CSS3, SQL, PHP
- **Front-End Frameworks**: React.js(React Native), Next.js, Vue.js, Nest.js
- **State Management**: Redux, React Query, Zustand
- **UI/UX Design**: Figma, Adobe XD, Tailwind CSS, Material-UI, Bootstrap
- **APIs**: RESTful APIs, Axios, GraphQL
- **Testing**: Jest, Cypress, React Testing Library
- **Build Tools**: Webpack, Vite, Gulp
- **Version Control**: Git, GitHub, GitLab
- **CI/CD**: GitHub Actions, Jenkins
- **Other**: SQL, MySQL, WordPress

## Additional Information

I am a diligent person with excellent interpersonal skills and a strong ability to learn and adapt to new technologies. I stand out for my commitment, flexibility, and enthusiasm in taking on challenges, working efficiently both in a team and independently. Additionally, I have developed personal projects using React, TypeScript, Next.js, and REST API, allowing me to deepen my knowledge of modern web development and continuously improve my skills.

## Languages

**Spanish - B2**: High level - read, talk, write  
**English - B2+**: High level - read, talk, write  
**Russian**: Native  
**Catalan - A2**: Medium Level - read, talk
